OUR GOVERNMENT REPRESENTS US

THIS MEANS...

- Women should be proportionately represented in ALL elected offices.
- Elected representatives of all genders should vote in SUPPORT of women.
- ALL voters must have convenient access to the ballot and every vote should be counted.

The Disparity in the World Right Now

The majority of elected representatives are STILL cis men.

Dozens of states are pushing hundreds of bills restricting voting rights.

The BIG LIE that the 2020 election was stolen is still alive and well.
